Ministarstvo finansija je 16. oktobra objavilo nacrte izmena čak 7 zakona u oblasti oporezivanja, uz poziv zainteresovanim licima da do 23. oktobra dostave komentare sugestije i primedbe na objavljene nacrte. Pored poreskih zakona, objavljeni su nacrti i izmena Zakona o javnoj svojini i Zakona o republičkim administrativnim taksama.

Praksa da se za toliki broj zakonskih predloga daje rok od praktično 5 radnih dana je nešto što se svakako mora kritikovati, naročito u pogledu izmena Zakona o poreskom postupku i poreskoj administraciji koje su po obimu najveće.

On October 16, the Ministry of Finance published draft amendments of, as many as, 7 laws in the field of taxation, with an invitation to interested parties to submit comments, suggestions and objections to the published drafts by October 23. In addition to tax laws, drafts and amendments to the Law on Public Property and the Law on Republic Administrative Fees were published.

The practice of giving such a large number of legislative proposals a deadline of practically 5 working days is something that must be criticized, especially with regard to the amendments to the Law on Tax Procedure and Tax Administration, which are the largest in scope.

Sumarno prikazano, izmene se tiču sledećih pitanja:

3. Zakon o PDV – omogućava se ugovaranje obračuna PDV u slučaju prenosa celokupne ili dela imovine, preciziraju se pravila vezano za izmenu osnovice kao i odbitak prethodnog PDV, te uvodi obaveza sačinjavanja internih računa kao i preliminarne poreske prijave;
